Ticonderoga Tiger and Wolf

> Hi Parents,

>

> We are sad to see that the Fort has closed the gates of Mt Defiance

> but will look forward to a rescheduled hike next Spring.

>

> During this month we have had many Scouts earning their popcorn

> patch, as well as Geology and Communications belt loop (Wolfs see page #229

> for a picture of the belt loop and Tiger page #154-155). Great work

> everybody!!!

>

> If parents wish to run a program (such as Astronomy, Gymnastics,

> Fishing or Weather) so the boys can learn and accomplish other belt loops or

> badges, please let us know. See the Wolf book page #229 and Tiger book #154

> - 155 for categories.

>

> Todd, Walt and I will be working towards providing diversity as we

> target various belt loops and badge requirements during our meetings and "Go

> See It" trips. Soon Dr. Bill Brown will be coming for a special presentation

> on Timber Rattlesnakes. The boys participating will receive their Wildlife

> Conservation belt loop. During November, we will also be preparing for

> Veteran Day by learning about the Ceremony, making a Thank You Note for the

> local Veterans, folding an American Flag and teaching the boys "The

> Star-Spangled Banner" and "America". ***

>

> ***Walt and Todd - I am just pulling out this stuff from talking to Walt

> last week (about requirements) and looking at the book - what do you think??

> Our meetings on the 10th or 17th as well as on November 24th, depending on

> Dr. Brown, can be when we cover this stuff. Todd you are our singer - right?

> Hee.. Hee. Another idea from the Round Table Meeting packet that Sue handed

> out - could the church use help doing a little fall outside clean up? ***

>

> Please make sure you finish your book assignment for October as well

> as any electives. Please bring in your book (make sure it is labeled) in

> two weeks so Walt can record what you have accomplished.

>
